=====

The Department of Geography, Arts, Science and Commerce College, Indapur, under the auspices of Indapur Taluka Shikshan Prasarak Mandal, organized a stimulating online Multiple-Choice Quiz on the occasion of World Population Day 2024. This event aimed to enhance knowledge and raise awareness about global and local population issues. Here is a comprehensive report based on the feedback received:

Event Overview:

- **Date:** 15th July, 2024
- **Platform:** Hosted on Surveyheart.com
- **Participants:** 58 students from FYBA, SYBA, and TYBA classes actively participated.

Objective and Format:

The primary objective of the quiz was to educate students about world population statistics, the impact of overpopulation, and related issues through an accessible online format. The quiz consisted of 20 thoughtfully selected multiple-choice questions.

Key Findings from Student Feedback:

- **Overall Appreciation:** 100% of the participants expressed their satisfaction with the online format, highlighting its effectiveness in increasing awareness about the challenges posed by high population growth.
- **Learning and Knowledge Acquisition:** A significant majority, 95% of the students, reported that they not only liked the quiz but also learned new information and gained valuable insights from the activity. They eagerly expressed their desire to participate in similar events in the future.

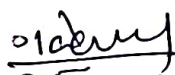

- **Question Difficulty:** Feedback on the difficulty level of the questions was well-distributed, with 76% finding the questions appropriately easy to answer, while 15% found some questions challenging. This balanced approach catered to varying levels of familiarity with the subject matter.
- **Technical Issues:** Approximately 24% of the students encountered technical difficulties during the quiz, suggesting areas for improvement in future online activities. Addressing these concerns will enhance the overall experience for participants.
- **Satisfaction Rate:** An overwhelming 95% of the students conveyed their satisfaction with the quiz and its organization, reflecting positively on the event's planning and execution.
- **Recommendations:** Students enthusiastically recommended organizing similar educational activities more frequently, emphasizing their interest and the beneficial impact of such initiatives on their learning experience.

Conclusion:

The World Population Day 2024 online quiz organized by the Department of Geography, Arts, Science and Commerce College, Indapur, was a resounding success. It effectively achieved its educational objectives by fostering awareness and knowledge about global and local population issues among students. The overwhelmingly positive feedback underscores the significance of using innovative online platforms to engage and educate students on critical societal issues.

This report encapsulates the valuable feedback received from the students, providing insights into their experiences and suggestions for future improvements. It serves as a testament to the success of the event and the importance of continuing to organize such enriching activities.
